

The First Meeting of the Private Hospitals Decontamination Group

- **Why?**
To meet up and to get to know each other. We are all facing same problems on our own. Shared trouble is half trouble.
- **Who should attend?**
CSSD and Endoscopy unit managers and supervisors. Anyone whose work concerns decontamination of medical devices in Irish Private Hospitals.
- **When?**
Saturday, February 16th 2019, 9AM - 1PM.
- **Where?**
Room 209, Aisling Hotel, Dublin. Convenient access by public transport, close to Heuston Station. Parking available in and around the hotel.
- **What's on the agenda?**
Chance to meet and talk with experts.
 - ✓ Caroline Conneely
National Decontamination Safety Programme Lead.

Update on standards and regulations in medical device decontamination. Collaboration between HSE and Private sector.
 - ✓ Dr. Gerard Collieran
Senior Lecturer in TU Dublin/IT Tallaght.

Education in CSSD/Endoscope decontamination. Review of available options for frontline staff and management. Upcoming courses in 2019.
 - ✓ FingerPrint Medical

Digital traceability systems for decontamination of medical devices Regulations, opportunities, benefits and reasons for implementation.
 - ✓ Inivo Medical

Packaging of medical devices. Science and technology behind tray wraps and view packs.
- **Will there be food?**
Morning coffee 9-10PM. Snacks/sandwiches 12:30-1PM.

LOOKING FORWARD TO SEE YOU ALL IN THE NEW YEAR!
