

Bulgarian Association for Hospital Sterile Supply

Second National Symposium on Hospital Sterile Supply

Park Hotel Vitosha, Sofia

Thursday 15th December – Friday 16th December 2005

Jointly organized by:

*Bulgarian Association for Hospital Sterile Supply BulSteri
Bulgarian Swiss Hospital Hygiene Programme & Hygia-BSHHP Association
National Center of Infectious and Parasitic Diseases*

Dear colleagues,

With this **first announcement** the Organizing Committee has the pleasure to invite you to the **Second National Symposium on Hospital Sterile Supply** in Sofia on 15-16 December 2005.

The programme of the event is structured to respond to the needs and provoke the interest of CSS heads, engineers and technical staff, medical university and college trainers, clinical microbiologists and epidemiologists, clinicians, external control specialists and other professionals. The programme content includes a wide range of theoretical and practical topics related to different aspects of hospital sterile supply – from legal issues and current European standards and regulations to detailed presentation of device reprocessing and demonstration of the efficiency of classic and new methods of sterilization.

We hope to meet you and strongly believe that at the **Second National Symposium on Hospital Sterile Supply** we together will help promote and reaffirm one good tradition – organization of regular meetings of a wide number of Bulgarian and foreign experts from the hospitals, scientific community and the industry united by the common goal of bringing the quality of health care services in all European countries to an uniformly high level.

We look forward to welcoming you to this meeting.

Assoc. Prof. Dr. Mira Kozuharova
Chairperson of the Organizing Committee
